

Sherburne Elementary School
School Policy on Staying After School

There are occasions when a student may want to or may be asked to remain after school. The staff has formalized the following procedures:

Reasons to remain after school:

- For extra help in a subject in which the student is having difficulty;
- To participate in a special project or after-school activity;
- To make up time that the student has wasted during the working part of his/her day;
or
- For misbehavior.

Procedure:

The parents will be notified if their child needs to or wishes to stay after school. If the parents cannot be contacted, a note to be signed will go home for makeup the next day. A child will not be detained without parental knowledge.

Detention for disciplinary measure is most effective when it immediately follows the transgression. Therefore, we hope to contact the parents and have the detention the same day.

Transportation home is to be provided or arranged for by the parents. The children should be picked up promptly at the agreed upon time.

Date adopted: March 13, 2001

Clerk: James Stein
